TIGA Salary and Travel App Engine Updated

The Load Payroll for TIGA Salary and Travel App Engine (BOR_ADP_CAUD) was updated yesterday, July 31, 2019, to include payroll data generated through the Accounting Adjustment Process, and to exclude payroll accrual and reversal entries. Users should rerun the Load Payroll for TIGA Process to ensure they have the most recent and accurate information.

For additional information on TIGA, refer to the TIGA Reporting User Guide on the GeorgiaFIRST Financials website [here](#).

: For business impact issues, contact the ITS Helpdesk at helpdesk@usg.edu or via the [ITS Customer Services website](#).
